

POMUM

2021 Red Wine Blend

Winery:

Pomum Cellars nurtures from soil to stemware a true expression of American made wine grown in the unique and outstanding viticultural areas surrounding the majestic Columbia River in Washington State. Pomum wines are produced in extremely limited quantities due to our careful attention to detail and focus on quality. We feel that these truly handcrafted wines are something special! We hope you agree.

Vintage:

Vineyards in Washington State experienced unique events that made the 2021 vintage a standout. A heat dome event caused temperatures to soar well past triple digits for multiple days in June. This affected the entire growing season by limiting yields to historic lows, especially in our estate, old-vine Konnowac Vineyard. The remainder of the growing season was also quite warm precipitating an early and short harvest. Yields were quite low due primarily to small berry size which increased the skin to juice ratio in our fermenting must. As a consequence, red wines from this vintage are quite dark with high levels of concentration that will ensure long aging.

Vineyards:

Our Red Wine Blend is sourced 100% from our organic-certified estate, Konnowac Vineyard. We look forward to many years of showcasing this very uniquely elevated terroir in the Rattlesnake Hills AVA.

Wine:

Each year Pomum only produces two wines from Bordeaux varieties, our Red Wine and Shya Red. Both of these are now Estate Wines exclusively sourced from our own Konnowac Vineyard. Our Red Wine is the “second” wine of the winery and showcases the variety of flavors found at our site. The wine was fermented in small one-ton fermenters and aged in French oak barrels for 20 months. 55% Cabernet Franc, 18% Cabernet Sauvignon, 18% Merlot, 9% Malbec.
